You could also fill the background with some amazing bright colors to show his power gathering up behind him in the way it does in the anime. We're turning back time for this next page, as this one features Goku as a young boy. Part of what makes the anime so great is we get to see Goku at many different points of his life, and that includes his childhood. This picture should look great once you have worked your creative magic on it! Even as a kid, Goku is still honing his skills, and this next picture captures that determination brilliantly. This portrayal even has the fun detail of his Saiyan tail that he had as a kid. When coloring smaller, thin details, you can use colored pens and pencils as a few mediums that would help make coloring them much easier. There are so many awesome details included in this next page! This one again shows Goku as a child, but he is in his Super Saiyan form as well. With how detailed this one is, you can really spend lots of time working in some amazing subtle color effects to make this image even more dynamic. This next Goku coloring printable features Goku zooming through the air again, and it's a really awesome portrayal of the hero. There is a lot of empty space behind and beneath him, so you could also draw some background details into the empty space to show where he is flying over. If you have a favorite location from the series, you could use it as inspiration if you decide to do this. Goku is looking really awesome in this next image! It is another one where there are tons of smaller details that you can have fun coloring. As we mentioned in an earlier page, mediums such as colored pens or pencils can make coloring highly detailed pictures much easier to complete. So, if you have some of these mediums they would be perfect for this one! Goku's immense power is really captured brilliantly in this picture. He seems to be preparing one of his powerful moves in this one, so it's another image where you could add some colorful effects around his hands. What other fun details can you think of that would look cool with this particular page? This next picture is really cool, as we get a great look at the details of Goku's design. He also has a really intense expression that captures his character really well. Do you think that you will color him with his regular colors or maybe create a new look by choosing some unique ones instead? Goku can be a serious and intense character a lot of the time, but he also has a lighter, goofy side. This image captures that lighter side brilliantly, and it makes for a much more lighthearted image. If we were coloring this one, we would probably go for some nice bright colors and art mediums to make this an even more cheerful picture. Kid Goku is back for more in this fun picture. This is another image that shows Goku looking very happy and cheerful, and he is flashing a peace sign in great detail. It's another highly detailed depiction of Goku, and now it's up to you to bring it to life with some awesome colors! This is the final Goku coloring sheet that we have for you, and it again focuses on Goku as a younger character.
